| 2 584 | 17 | 0.7% |

### Top End

| Average student enrolment | Number of students suspended | Proportion of students suspended |
|---|---|---|
| 9 283 | 264 | 2.8% |

## Supporting information

- Data is sourced from the Northern Territory (NT) Department of Education and Training's Enrolment and Attendance and Behaviour datasets.
- Data is current at the time of publication.
- The average enrolment number is the average enrolments of students over the reporting period.
- Number of students suspended is the count of individual students who have had one or more suspension incidents.
- If a student is suspended in more than one school region, they are counted in each region but only counted once in the total. Therefore, the sum of students suspended across regions may exceed the NT total.
- Data on suspensions is subject to change. This data should be considered indicative only.
- Data is inclusive of NT Government schools only.
