## ABOUT THE NT TRAINING AWARDS

The NT Training Awards (NTTA) is the Department of Education and Training's annual premier event across the Vocational Education and Training (VET) sector.

Our purpose is to recognise achievements of Territory individuals, businesses and training providers across this important industry.

Now in its 70th year, the NTTA celebrates excellence in VET providing official recognition of achievements in gaining the highest standards of knowledge, skills, personal achievement and contribution to high standards of training.

The NTTA provides partners with notable scale, and a large platform to engage a significant audience. We are passionate in working with like-minded organisations that share a love for the VET sector.

NTTA nominees are shortlisted and finalists are provided professional development opportunities at the Ambassadors Weekend. The weekend brings together individual and business finalists and, through tailored workshops, provides finalists with opportunities to learn new skills and build on their confidence and capabilities before their judging interviews.

Winners of the NTTA are announced at the gala dinner and eligible winners go on to represent the Northern Territory (NT) at the national Australian Training Awards.

## EVENT IMPACT

The NTTA supports the NT Government's commitment to develop a strong local workforce, enabling Territory businesses to adapt, grow and support the long-term economic development of the NT.

The NTTA aims to:

- Promote the achievements of vocational education and training students, apprentices, trainees, and their employers, trainers and training providers in the VET sector in the Territory.
- Communicate the significant contribution that apprentices, trainees, students, their employers and registered training organisations make to the economic prosperity of the Territory.
- Promote the collaboration between government, training advisory councils, industry, employers, schools and registered training organisations in the NT.

The NTTA also provides a pathway to national recognition of the Territory's VET sector, with eligible winners representing the Territory at the Australian Training Awards.

## AUDIENCE

The NTTA recognises outstanding achievement in the VET sector right across the Northern Territory. Nominations are open to individuals including students, apprentices, trainees, teachers/trainers and vocational students, as well as businesses such as training organisations, employers, universities, RTOs, local businesses and industry advisory councils.

The NTTA aims to engage with Territory individuals starting their careers through vocational education and training opportunities, local businesses (large and small) that are providing on-the-job opportunities for Territorians to learn and develop their knowledge and skills and to the education and training institutions and educators supporting Territorians through their training.
