GUIDELINES AND PROCEDURES

WORK EXPERIENCE

Responsibility of: School Support Services
Effective Date: March 2018
Next Review Date: March 2021
Target Audience: Staff/Parents/Community/Employers & Industry

This document should be read in conjunction with the Work Experience policy.

1. INTRODUCTION

These guidelines apply to the implementation and management of work experience programs conducted by Northern Territory (NT) government schools.

Work experience programs are not a compulsory curriculum requirement. Where such a program exists it is mandatory that these guidelines are followed.

The guidelines provide schools with:

- guidance for those who develop, manage and coordinate work experience programs
- identified roles, responsibilities and expectations for all parties involved in work experience programs.

2. DEFINITIONS

Fit and Proper Person refers to a person who has the attributes of good character, diligence, honesty, integrity and judgement.

In deciding whether a person is a fit and proper person to supervise a student, a manager:

- must take into account the person’s criminal history. Have they been convicted of a disqualifying offence as specified in the Care and Protection of Children Act; and
- must take into account any behaviour of the person that:
  - does not meet the standard of behaviour reasonably expected of a workplace supervisor;
  - shows that the person is not of good character.

Host Workplace refers to a workplace hosting a work experience student(s).

Ochre Card (Working with Children Check): Photo identification, valid for two years, that provides proof that an individual has passed the Working With Children screening process and received a Clearance Notice. In the NT, it is a legal requirement for all persons over the age of 15 undertaking paid or voluntary child-related work to hold a current Ochre Card. Individuals may be exempt from holding an Ochre Card if they:

- are engaged only as a volunteer worker, and
- do not participate in overnight stays, and
• are a parent of at least one of the children with who, the individual may have contact with whilst in this role, and
• are under the direct supervision of someone who holds a current Ochre Card, and
• are not required by their employer to hold a current Ochre Card.

**Parent** signifies a child's father, mother or any other person who has parental responsibility for the child, including a person who is regarded as a parent of the child under Aboriginal or Torres Strait Islander customary law or tradition.

**Parental Responsibility** means that the person:

a. has daily care and, has control of the child, or

b. is entitled to exercise all the powers and rights in relation to, and has the full responsibility for all aspects of, the long term care and development of the child, or

c. has daily care and control of the child and the entitlement and responsibilities as mentioned at (b)

d. and includes a person who has been given the above responsibilities under another state or territory law.

**School** refers to a middle, senior secondary or comprehensive Department of Education school, or Community Education Centre.

**Work experience** is a school based educational program which enables students to undertake short-term unpaid industry placements and is not the same as a structured work placement undertaken by students enrolled in VET delivered to secondary students programs.

**Work Experience Coordinator** refers to the school staff member nominated by the principal as the work experience coordinator to coordinate work experience for students enrolled at their school.

**Workplace observation** is the risk management process undertaken to determine the suitability of the workplace for a student to attend for work experience, and is done on a case by case basis considering the student’s age, maturity, experience, health, and physical and intellectual ability.

**Workplace supervisor** refers to an adult employee(s) of the host workplace assigned to supervise a student undertaking work experience.

---

**Important**

Host employers are not required to hold a current Working with Children Clearance Notice unless the workplace or its employees are engaged in child related employment as defined by the Care and Protection of Children Act.
3. EXCLUDED ACTIVITIES

Students must not be placed with or remain with a host workplace if there is reason to believe that:

a. the student cannot be appropriately supervised at all times
b. the student has not had a workplace induction by the workplace supervisor
c. appropriate industry/business documentation including any legislative requirements have not been approved
d. the host workplace does not hold adequate insurance policies or arrangements
e. the student will be selling or delivering door to door
f. the student is required to perform a task or operate machinery or a vehicle, for which they do not hold the appropriate licence or certification
g. the student will be required to serve liquor and is under the age of 18 years, or is over 18 years of age and does not hold a current Responsible Service of Alcohol certificate
h. the student will be required to operate on or travel on aircraft or helicopter that is not a commercial flight
i. the student will be required to operate or be a passenger in any non-commercial watercraft. Commercial watercraft cannot travel more than 12 nautical miles off shore
j. the student will be required to work underwater using snorkelling or SCUBA equipment
k. the student will be required to work on actual mine sites, whether above or below ground, gas plants or in abattoirs. Students may be placed with host workplaces engaged in these industries provided they do not have access to the actual sites – for example office or other ancillary work associated with such industries may be considered.

Host workplaces require public liability and workers compensation insurance to cover against accidents or incidents which occur in a situation where the host workplace has not adhered to these guidelines.

4. ROLES AND RESPONSIBILITIES

Principals are responsible for:

- a school’s work experience program, although the principal will rely on the work experience coordinator (where appropriate), and where staffing and resources allow, the nominated person to develop, implement and monitor the program coordinate work experience programs. Where this is not possible the principal is responsible for ensuring work experience programs adhere to the policy and guidelines
- approving the work experience program developed by the work experience coordinator
- ensuring, so far as is reasonably practical, the health and safety of students on work experience through taking all necessary and reasonable steps to avoid foreseeable risk of loss or injury to students
- this requires a consideration of risk by the school, including:
DoE Guidelines: Work Experience

- the likelihood of injury occurring
- the potential seriousness of the harm that could occur
- the measures that can reasonably be taken to mitigate potential risks. Relevant factors for consideration include the student’s age, maturity, experience, health, and physical and intellectual ability

- if they chose, delegating the approval of placements for students 15 years and older to the work experience coordinator. Please note that only the principal may approve a placement for a 14 year old student.

**Work Experience Coordinators are responsible for:**

- developing or ensuring the school has a work experience orientation program for all students to undertake pre-placement
- ensuring students are prepared for the work experience placement, including the completion of the school-based orientation program
- being the main point of contact in regard to student issues and concerns whilst student is on placement
- ensuring that students are visited at least once during their placement by an appropriate member of staff. Where travel time or another relevant factor precludes an actual visit then a student and their host workplace may be contacted by telephone
- ensuring that accidents and incidents reported by the workplace supervisor or the student are reported and recorded as per the department’s policy and guidelines
- ensuring work experience placement timing considers community events and cultural and religious obligations
- ensuring that parents and students fulfil their responsibilities as identified in these guidelines. This may require the use of an interpreter such as the Aboriginal and Islander Education Worker or Community Liaison Officer.

**Students are responsible for:**

- being aware of their additional responsibilities while on work experience in that they are not directly supervised by their teachers, and there will be expectations and requirements by the host workplace in terms of their conduct and behaviour
- completing the school-based orientation program before commencing work experience placement
- being aware of their responsibility to report accidents and incidents to their workplace supervisor and school work experience coordinator.
Parents are responsible for:
- ensuring appropriate travel arrangements to and from the host workplace
- organising and meeting the costs of any accommodation required
- giving their consent to the placement by signing the form.

Host workplace is responsible for:
- ensuring that the assigned supervisor/s is a fit and proper person who understands their obligations as outlined in the document identified in Section 6 below, titled Host Workplace Requirements
- taking all reasonable steps to avoid foreseeable risks of loss or injury to students while on work experience and working closely with the work experience coordinator to this end, both prior to and during placement
- ensuring the privacy of students is protected and information provided about students is treated confidentially and only used for purposes directly related to the placement
- holding current public liability and workers compensation insurance
- ensuring that students are given a workplace induction on their first placement day
- providing meaningful tasks for young people to investigate the world of work both general and industry specific.

---

**5. PROCEDURES FOR WORK EXPERIENCE**

---

Students shall not be paid in any way while participating in work experience. Any remuneration made by a host workplace will mean the student is considered to be an ‘employee’ and the responsibility will rest with the employers to provide workers’ compensation and public liability insurance for any accident or injury.
| 3 | Workplace observation | The principal or the work experience coordinator must exercise reasonable judgement in deciding if it is necessary to conduct a workplace observation of the host workplace. This may be determined based on any prior knowledge of, and the activities conducted by the host workplace. Alternative to an onsite inspection, a telephone conversation to identify the nature of work undertaken on the premises and the submission of relevant emergency procedure documents may be sufficient in identified low risk industries/organisations.

Where the principal or work experience coordinator considers it necessary to undertake a workplace observation, this must be conducted before a placement commences.

List of factors to be considered when determining the suitability of a workplace are identified in document titled *Work Experience Host WHS observation checklist*.

---

| 4 | Risk Mitigation | If a significant level of risk is identified by workplace observation, the principal or the work experience coordinator must, depending on the level of risk identified, place appropriate limits on the placement. Such limits must be clearly communicated in writing and accepted by the host workplace, the student and their parent/guardian(s).

Risks must always be assessed in light of the maturity level and ability of a student and the likely educational benefits and outcomes for the student. Where the level of risk cannot be justified in terms of the desired educational outcomes, then a student must not be placed with a particular host workplace.

---

| 5 | Placement hours | Placements should generally not be outside of normal operating hours for that industry or on a weekend or during school holidays. However, where a principal considers it appropriate to do so then they may make special arrangements for an individual student provided any additional...

</thead>
<tbody>
<tr>
<td>The principal must ensure that a school staff member:</td>
<td></td>
</tr>
<tr>
<td>(a) contacts the host workplace on the first day of a placement to check whether the student has arrived, and to attend to any issues arising</td>
<td></td>
</tr>
<tr>
<td>(b) attend all local placements at least once to monitor student progress and each student must be contacted during such a visit. Where travel time or another relevant factor precludes an actual visit then a student and the host workplace may be contacted by telephone. However, it is essential that an arrangement is made to allow the student privacy in the workplace in order that they may have a full and frank discussion with the school staff member about their placement. If the school staff member has any concerns arising out of such contact they must take appropriate action, including making a visit if considered necessary</td>
<td></td>
</tr>
<tr>
<td>(c) further visits must be made where an issue has been raised by either the host workplace or the student</td>
<td></td>
</tr>
<tr>
<td>(d) placements must be discontinued immediately if an issue which may compromise the safety or wellbeing of a student cannot be satisfactorily resolved.</td>
<td></td>
</tr>
</tbody>
</table>
### 3 Student Requirements

The student must:

(a) comply with reasonable directions given by their supervisor
(b) display the expected behaviour
(c) if necessary reiterate to the host workplace any medical conditions or other special needs that may affect their placement
(d) take necessary care for their own health and safety and take care that their actions do not adversely affect the health or safety of other persons in the workplace
(e) advise workplace supervisor and school work experience coordinator if they are going to be absent or late to placement
(f) report any accidents or incidents to workplace supervisor and school work experience coordinator.
