

Privacy Information Statement – Volcanic Panic Reading Success

What is a Privacy Information Statement?

When a digital service or application is utilised as part of the teaching and learning curriculum, we require your consent to allow collection, use and disclosure of your child's personal information including when data is transferred and held in cloud-based storage offshore, outside Australia. The following Privacy Information Statement provides information about the application to allow informed consent to be provided.

What is Volcanic Panic Reading Success?

Volcanic Panic Reading Success Online is a phonic and text-based reading programme that is designed to help students build solid reading foundations to transform them into skilful and thoughtful readers. Suitable for ages 5 to 15 years and beyond the interactive questions and activities are designed to broaden and enrich each students reading experience.

What data is collected?

Teachers register an account using their name class and school. Each student is linked to the class account using their name and class and year level.

How is the data used?

Student information collected is used to set up each individual student account linked to the school class account for use of this application. Results are displayed by class not individual students.

Is the data secure?

Volcanic Panic Reading Success is one of the EdAlive online learning programs, that has been assessed and qualified to be part of the Safer Technologies 4 Schools. This application is KidSafe certified.

Who has access to the data?

School staff who are administrators have overall access of the school's account and each classroom teacher manages their own class and linked students. Employees of EdAlive must have their Australian state's Working with Children Clearance and National Police Check. EdAlive state they do

not share any personal information to third parties either within Australia or overseas.

When is the data deleted?

Teacher administrators of a school account have the ability to edit modify or delete student data as required. Any other concerns relating to the management of personal information can be directed.

Where is the data?

Data is hosted outside of the Northern Territory but within Australia via Amazon Web Services.
