This document should be read in conjunction with the Back to School Payment Scheme guidelines.

1. POLICY

The Back to School Payment Scheme (the scheme) is a Northern Territory Government initiative to assist families with certain school related costs at the beginning of the school year.

The scheme provides eligible students with an entitlement to receive educational items in each school year. Educational items can only be purchased from the eligible student’s school. Schools are required to acquit the scheme on an annual basis, with the principal and school representative body confirming their compliance with the scheme’s policy and guidelines.

At the commencement of each school year, schools will be funded for the scheme based on actual enrolment numbers taken from the August age/grade census data collection from the previous year.

Schools will be provided with additional scheme funding if more enrolments than predicted has resulted in the school providing the scheme entitlement to more parents/students than initially funded. Unused scheme funding must be returned to the department.

The scheme entitlement is to the value of $150 of eligible goods and services per enrolled student and is redeemable from the school at which the student first attends in the year. Goods and services must assist with educational outcomes.

The Education Act (the Act) states that the standard curriculum program of government school education is to be free. The scheme entitlement is not intended to support the provision of standard curriculum or to redeem parent voluntary contributions.

2. BUSINESS NEED

This policy and its associated guidelines are needed to provide clarity for schools and parents about the obligations and expectations associated with the government’s scheme.
3. SCOPE

All students attending Northern Territory Government schools, non-government schools and home educated students from preschool to Year 12 are entitled to the scheme.

The scheme must be used within the following timeframes:
