Element 3 - Pathways

2015-2017 Actions

Indigenous students complete schooling well equipped to take up employment, training and higher education opportunities.

What we will do

✓ Establish a Transition Support Unit with a presence in Alice Springs, Tennant Creek, Katherine, Nhulunbuy and Darwin to support students and their families to negotiate their secondary school pathways.

✓ Build a boarding facility at Nulunbuy High School to provide residential places to access secondary education for students from very remote communities in Arnhem Land.

✓ Provide high levels of support for students and families to transition students to new secondary pathways, including attending secondary schooling in regional and urban secondary schools.

✓ Develop and implement the employment pathways curriculum to engage young people in learning relevant to their career pathways.
