Dear principals

I encourage all Northern Territory schools to celebrate literacy and recognise students' achievements and successes by nominating them for a 2021 Chief Minister's Literacy Achievement Award.

I am delighted to continue to support these awards again in 2021.

The NT Government is committed to improving literacy outcomes for students across the Territory, and these awards promote to students, parents and the community, the importance of developing literacy life skills.

Your school is encouraged to nominate one student in every class from Transition to Year 9. Teachers may choose to nominate a student in any one of the award categories – Most Imaginative, Most Outstanding or Most Improved.

I hope you will take this opportunity to shine the spotlight on your students and the teachers who are furthering student literacy learning.

More information about the Chief Minister's Literacy Achievement Awards is available at <https://education.nt.gov.au/education-events-and-awards>.

Yours sincerely

A handwritten signature in blue ink that reads "Michael".
